To refresh the database
table to see the new
updated database if other
user modify it

Refresh (Button)

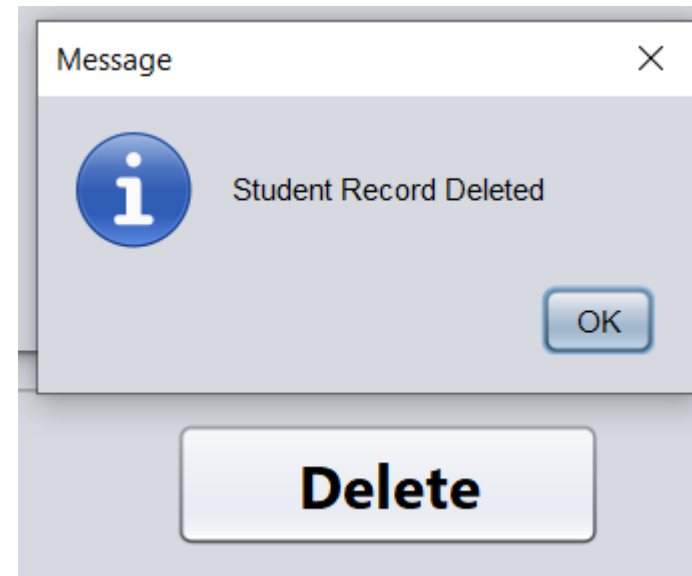

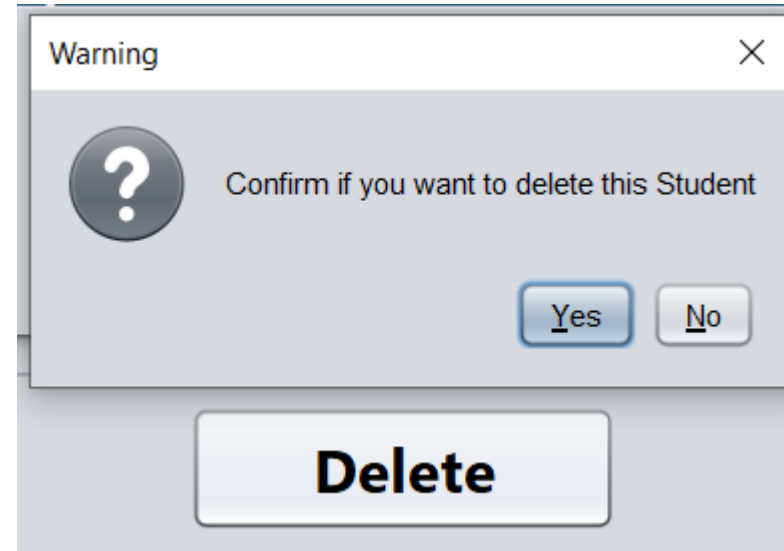

A rectangular button with a light gray background and a thin gray border. The word "Refresh" is centered on the button in a bold, black, sans-serif font.

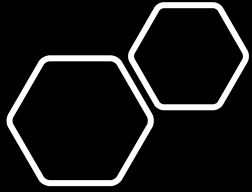

Refresh

Delete (Button)

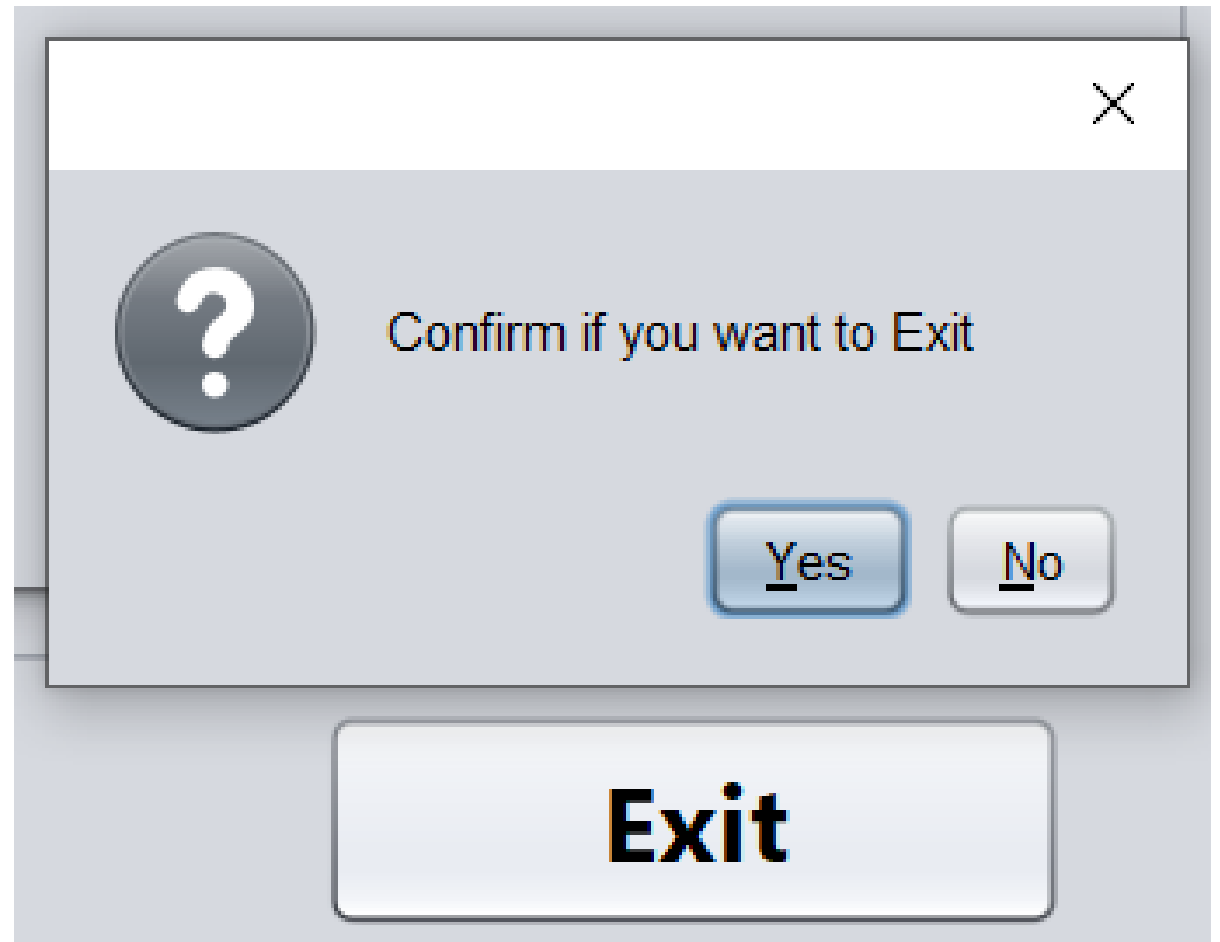

- To delete record in database
- After the user press delete button the warning message appear to confirm if he really want to delete student record
- When the user press “yes” the message appear that student record deleted successfully

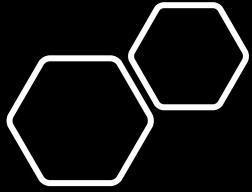

Exit (Button)

- To close the program
- After the user press exit button the warning message appear to confirm if he really want to close the program
- When the user press “yes” the program automatically close
